WAR BOND DRIVE OVER TOP

Quota Exceeded by \$100,000.00 Through Excellent Work of County Organization and Splendid Response of People

The Third War Loan Drive is fast becoming history. The last day of the drive throughout the State of Mississippi had originally been set for September 30th. It has since been extended to Saturday, October 2nd.

The reports from the State as a whole are to the effect that Mississippi will meet its quota of \$53,000,000. Some counties have not as yet reached the top. Hancock County acquired its place on Mississippi's Honor Roll by Wednesday at noon, having sold over \$450,000.00 of bonds by that time.

The drive in Hancock County started slowly and reached its peak in the latter days of the drive. Many times the War Finance Committee of the County felt that probably we were going to fall short and not be able to raise the \$342,000.00 quota assigned to us. They then showed the splendid cooperation of all the members of the War Finance Committee and volunteer workers throughout the county, our quota was over subscribed.

We feel that special mention should be made of some of the workers in the rural sections of the county. Outstanding work was performed by Mrs. John L. Saleeby and Mrs. Jeanne Doby Williams of Clermont Harbor, who sold bonds to approximately 100 individuals in their community. To Mrs. Eunice Casanova, Chairman of Beat One, and her co-workers, Miss Mildred Otis, Mrs. Margaret Adams, Mrs. Ernestine Davis and Mrs. Jack Whitney, the County Committee and the people of Beat One should have a deep sense of gratitude for the splendid work that they did in putting Beat One over the top.

In Beat Two, Mrs. Gertrude Thigpen, Mrs. J. J. Johnson and Mrs. Selwyn Rutherford accomplished what seemed an impossibility. Many of the people in their communities work in other localities, subscribing bonds through this medium. However, these ladies did not fail to meet the quota assigned to them, and they should be congratulated for the splendid effort and cooperation that they have extended to the county committee.

In Beat Three, Professor C. E. Lumpkin of the Sellers Consolidated School was Beat Chairman. He set out immediately to form his organization, and the results proved that he handled this very capably. The amount of money subscribed in Beat Three far exceeded the expectations of the County Committee, and we believe, exceeded the expectations of the Beat Chairman. The response throughout this area was wonderful and much credit should be given to Professor Lumpkin and his co-workers.

In Beat Four Supervisor Lander H. Nease was chairman of the committee. He was assisted by Prof. S. P. Powell, Dr. F. Z. Goss, Mr. Otho Rester, Mr. Harvey L. Lee, Mrs. Geo. Curet, Mr. James L. Crump, Mr. A. L. Shepherd and Prof. Alphonse Dubuisson, Mr. Randolph Seal, Mr. Thos. W. Dosest, and Mr. Welton Lader. Mr. Nease had his district thoroughly organized and the results showed that much work was done throughout this area. In a past issue of this paper comments were made about the activity at the Leetown community, where Professor Powell, Dr. Goss, Mr. Rester and Mr. Lee had their people congregate at the school house for the purpose of purchasing bonds. A second trip was made to Leetown in order to issue bonds and many of the people from this community traveled to Bay St. Louis to secure their bonds. This spirit existed throughout the beat. At the Kilt the Postmaster there reported the sale of many bonds totalling several thousands of dollars.

We in Bay St. Louis probably fail to realize the burden placed on the people in the rural communities when it is necessary for them to contact individual persons. Here in town we can reach for a telephone, or step around the corner, and we can talk to or see personally the people we wish. In the rural sections it is necessary that much time and energy be given in the performance of the work of selling bonds to different individuals.

In Bay St. Louis and Waveland response to the drive was indeed gratifying. Mr. Chas. B. Moliere, who was chairman of the Waveland district, together with his committee composed of Mr. C. O. Dufour, Mr. Garfield Lader, Mrs. E. C. Canero, Mrs. Kenneth Knobloch and Mrs. Winthrop Baker, did a splendid job.

In Bay St. Louis, under the capable leadership of Mrs. Geo. R. Rea, their chairman, the following committee: Mrs. Sarah Power, Mrs. Walter

AT GREAT LAKES

FERDINAND TANGIUS

Oct. 1 to November 15 Designated as "Victory Scrap Harvest"

Governor Paul B. Johnson has designated the period from October 1 to November 15 as "Victory Scrap Harvest" during which time Mississippi's quota of 55,000 tons of scrap metal will be sought in a statewide drive by the Mississippi State Salvage Committee headed by Leland Speed of Jackson.

Pointing out that "the security of our country, as well as the lives of millions of young men and women, are dependent upon ships, tanks, planes and armament," Governor Johnson's proclamation stated that "steel is a necessary component of these things, and in order to make steel, iron and metal scrap is essential."

"Steel mills are operating at their greatest capacity in history in order to fill demands for war purposes, and more scrap than is now being generated is needed," the governor said. Hon. Donald M. Nelson, chairman of the War Production Board, states that 15 million tons of scrap metal should be obtained by November 15, and he is calling on all patriotic Americans to make this possible.

Volunteer organizations have been set up in each county of the state with quotas assigned to them, by the State Committee. In issuing his proclamation, Governor Johnson called "upon every individual to do his or her part in cooperating to the fullest extent in achieving the desired results, and I do especially urge all state institutions and department heads to join in this Victory Scrap Harvest and to lend every possible assistance to Chairman Speed and his patriotic co-workers."

Gex, Jr., Mrs. Elizabeth Weston, Mrs. W. Scott Morrill, Mrs. L. S. Elliott, Mrs. H. A. Eldridge, Miss Elsie Spurl, Miss Miriam Engman, Mrs. Albert Biehl, Mrs. W. W. Stockstill, Miss Kathleen Renshaw, Mrs. Richard Shadoin, Mrs. Bernard Blaize, Mrs. Lucien Gex, Mrs. Chas. Flink, Mrs. Harry Glover, Mrs. Wilson Moore, Mrs. Eugene Mogabgab, Mrs. Geo. Stevenson, Mrs. Sol Ingram, Mrs. Frank Vandevender, Mrs. Josie B. Olson, Mrs. J. B. Goldman, Mrs. Leo G. Ford, Mrs. Grady Perkins, Mrs. Edmond Fahey, Jr., Mrs. Douglas Bourgeois, Mrs. Elva Ladner, Mrs. A. P. Smith, Mrs. M. Rhodes, Mrs. Horace Kergosien and Mrs. Townsend Wolfe, was very active throughout the drive.

The total sale of bonds in Hancock County will exceed \$400,000.00. Mr. W. Scott Morrill, War Bond Drive Chairman for Hancock County was quite elated when the tabulation on Wednesday evening showed that we had reached our quota. He admitted that the going seemed pretty tough at times; but that throughout the campaign he found the citizens of Hancock County determined to "Back the Attack" of our fighting men. He is, indeed, very proud of the record accomplished, and on Thursday morning when contacted, was still amazed at the amount raised, and wondered how or where the money had come from.

Mr. Morrill and his co-workers throughout the county did a splendid job and to them should go much of the credit for this county having attained its quota.

In conclusion we want to say that we are, indeed, very proud of Hancock County's record and we should not overlook a member of our community who is a member of the State War Finance Committee, Mr. Leo W. Seal, President of the Hancock Bank of Bay St. Louis, nor should we overlook the fact that to this man credit should be given for having helped the County committee in going over the top. It was his splendid work that gave the shove that started us over the hill. We know that every member of the committee feels deeply indebted to him for the splendid work that he did.

We in Hancock County had a job to do, and as usual, WE HAVE NOT FAILED.

LOCAL INTEREST IS URGED IN RED CROSS CAMP AND HOSPITAL SERVICE COUNCIL

You don't have to handle a gun, but you can do a job for the men who do handle a gun through your Red Cross Camp and Hospital Service Council.

These Councils are being organized in the vicinity of Army and Naval stations and hospitals throughout the country. There is a Local Camp and Hospital Council that works directly with Gulfport Field, Gulfport Field Station Hospital, Gulfport Naval Base and other military posts in this vicinity.

The Army and Navy are expanding at such a rapid pace that many existing needs can be obtained immediately through official sources. Camp and Hospital Service Councils are meeting these requests from the military as submitted to the Red Cross Field Director stationed on the post.

It is a Community job. Every interested person or civic group is invited to join this important service to our Army and Navy. Red Cross is a channel through which the public can serve the men in the Armed Forces. This is by virtue of its congressional charter and because it has a representative, the Red Cross Field Director, on every Army post and Naval station.

Each organization using this Red Cross channel maintains its identity.

Here is how you can participate. Your local Red Cross Chapter has organized a committee on Camp and Hospital Service. This committee is made up of representatives of the various Red Cross volunteer services, the Junior Red Cross, and leaders from organizations in the community. All organizations are urged to volunteer their services. If you have not been contacted—call the Hancock County Chapter Office—Telephone 195, and full details will be given.

By working directly through the Camp and Hospital Service Committee of your Chapter, much duplication of time and effort is saved. Every person knows what has to be done. Our men in service are working as a team to do a job for us. Here is our opportunity to do a job for them.

Our local Camp and Hospital Council has already contributed many articles, that could not be obtained through official sources, to Gulfport Field and Gulfport Field Station Hospital, but there is a great need for more. Remember a great Army has high morale. Let's "Pass the Ammunition" that will help maintain it.

City Echoes

ROLAND B. WALL ANNOUNCES CANDIDACY

**For Highway Commissioner
In November Election**

Roland B. Wall, ex-mayor and businessman of Brookhaven, is announcing his candidacy for Highway Commissioner in the November 2 general election, has promised full co-operation with county and municipal officials, and citizens generally.

ally, in construction of post-war Farm-to-Market road program.

"In addition to providing needed hard-surfaced roads in our rural areas, this program will give employment to our boys when they return from the war," Mr. Wall said.

"Being a World War 1 veteran and familiar with problems facing the veterans on returning home, I will propose that the Highway Department draft a long-time Farm-to-Market road program which could be put into execution immediately following the war. In drafting this program, I will consult with county officials so the contemplated program will be in line with local needs."

Mr. Wall said he entered the race as an Independent Democratic candidate and is appealing for the support of all the people.

"I am not a big contractor, and I will enter office with my hands free. No man can serve two masters, and anyone engaged in contracting business would be incapable of filling the office unselfishly for the people, and not to the money interests, and, if elected, the office will remain in the hands of the people."

Mr. Wall said he is happy to state that I have been informed that Governor-elect Tom Bailey is not taking part in this campaign."

Mr. Wall pointed out to his directorship of the WPA in which he supervised expenditure of \$130,000,000 as a basis of his experience in matters affecting the general welfare. Much of that money was for construction of county roads, city streets, and other public projects.

Mr. Wall is 48 years old, and during his World War service was overseas for two years. He is in the general insurance business in Brookhaven where he served 4 terms as mayor. He attended Mississippi College and was its first student-volunteer in World War 1.

Mr. Wall is a member and Deacon of the First Baptist Church and for 12 years taught the Men's Bible Class. He was first state department commander of Veterans of Foreign Wars and commander of Brookhaven's American Legion Post.

WARRATION BOARD COLUMN

Uniform cents-per-dozen maximum prices on eggs for the entire State of Mississippi were established in an order issued by the Jackson District OPA Office Monday. The prices became effective September 23.

Because of the price of eggs vary seasonally, retailers are permitted to recalculate their ceiling prices each Thursday. Following this pattern, and eliminating the necessity for calculations by the Merchant, the new order specifies the top legal price for each week through November 3. A new order will be issued each month thereafter.

Separate ceilings are established for each of the four store groups defined in OPA regulations. Prices are named for three different sizes of eggs of three grades. The grades conform to U. S. Department of Agriculture standards.

For the week beginning September 23 prices on Grade A large eggs range from 62 cents per dozen in the smaller (Group 1) stores to 59 cents in the largest (Group 4) stores. The range on large Grade C or assorted eggs is from 49 cents in Group 1 stores to 47 cents in Group 4 stores. Two cents additional may be added when eggs are sold in cartons.

All ungraded eggs must be sold under OPA regulations at Grade C prices.

Retailers are being furnished with complete lists of the newly established ceiling prices. These lists must be posted in a conspicuous place at the point of sale. The price list is also available to consumers at local War Price and Rationing Board offices.

During the period covered by the new order egg ceilings under OPA regulations rise to their seasonal peak. Prices will decline in November.

P-T-A Membership Drive In Full Swing

The Bay High P-T-A membership drive is in full swing with all 12 grades competing for the award of a half holiday. Each grade has chosen a sponsor and several grade mothers to assist them. The membership committee is endeavoring to have both parents of every child in school, as well as other interested persons, a member this year. The deadline for the contest is Tuesday, October 12, which is the regular monthly meeting. The dues are 50c per person which pays for a local, state and national membership in the National Congress of Parents and Teachers.

So parents, save \$1.00 out of your pay check for P-T-A. A dues and let's make Bay High 100 per cent this year.

Evening Classes At Bay High School

The Bay St. Louis High School is trying to cooperate in helping to prepare working people for a better position and thereby aid in the man power shortage.

In order to do this we are having classes for working people from four to six of each week day at which time either men or women may take courses in typing shorthand, bookkeeping, and secretarial training. The only requirement for this is that they must be sixteen years of age and not in attendance at any regular school. There is no charge for this instruction and the commercial department equipment is used for teaching these subjects.

Anyone interested in any of these courses will contact the Superintendent of Public Schools or call by any afternoon from four to six.

Kindergarten To Open Monday, October 4th.

The Bay St. Louis Public Schools announce the opening of a Kindergarten for children from 4 1/2 to 6 years of age on Monday, October 4, 1943.

This Kindergarten will be located at the Webb School, but will be entirely separated from the Nursery School already in operation. The Kindergarten will have its own playground, and a daily schedule of indoor and outdoor play, story and music groups, and rest periods adapted to the needs of the child from four and a half to six years.

School will be in operation six days a week, Mondays through Saturdays, from 8:00 a. m. to 4:00 p. m., or later, if necessary. Mid-morning fruit juice, mid-afternoon milk and cookies, and the noon meal will be served. A fee of \$2.00 a week will be charged to help cover the cost of food, and other necessary expenses.

American Legion Post Installs New Officers

In an impressive ceremony at the W. O. W. Hall on Friday of last week the officers of the Clement B. Bon Temps Post American Legion were installed with Henry Capdepon, past commander as installing officer. Officers installed were Frank J. Cassidy, commander, Bryan Graham, adjutant, William Green, service officer.

Roy Baxter, Jr. and Lynn Rutherford were received as new members.

Honorably Discharged

Seaman First Class Bruce Barton Bourgeois, U. S. N. R. 14 year old son of Mr. and Mrs. Daniel Bourgeois has been honorably discharged from the Navy because of worry over his mother's health.

His parents had not heard from him since September 10 when he wrote just before embarkation from New York and the next news was an Associated Press Dispatch from Portland, Maine, to a New Orleans paper that he had confessed his age and was awaiting his discharge.

Ever since the Japs struck Pearl Harbor in 1941 when he was only 12 years of age Bruce has wanted to get into the fight and a year later he hitchhiked it to San Diego, California during his Christmas holiday but was turned down by the Navy because he couldn't produce a birth certificate.

On May 28, 1943, two months before his 14th birthday Bruce went to Gulfport and with his parents permission was inducted as an apprentice seaman in the Naval Reserve. He weighed 190 pounds and was 6 feet 2 inches tall and easily passed for 17.

In his four months of service he trained at Bainbridge, Maryland, Little Creek, Virginia, and Brooklyn, N. Y. where he was assigned to a ship.

He was rated as a good sailor by his commanding officer and he loved the sea but his father said that though he was aboard a ship for combat duty he could not face the unsure repatriation.

With two other sons in the service Kenneth in the Army Air Force and W. L. in the Merchant Marine, Mr. and Mrs. Bourgeois have removed one of the three service stars and are waiting for the return of their youngest son.

Bruce had been detained at Portland until the Navy Department heard from his parents. They have sent a wire and Bruce is expected to reach home shortly.

Few boys of Bruce's age would have removed the barriers as he did and gone into the service at the age he did and he is to be commended for his courage.

He is the grandson of Commissioner and Mrs. W. L. Bourgeois.

SPEAKS AT ROTARY WEEKLY MEETING

L. S. Elliott of the Sea Coast Echo and Scout Master addressed the Bay St. Louis Rotary Club on Wednesday at its regular mid day luncheon meeting on the Boy Scout movement and what it has to contribute to the community.

Mr. Elliott pointed out that scout training for boys is a great factor in the building of the manhood of the future. He showed where the boys who had scout training had found it a great asset to them in the South Pacific Islands where they had to rustle their own game. They had learned to build their own fires, protect themselves against natural dangers and take care of themselves generally.

Scouting, Mr. Elliott said was not only a body builder but a character builder as well. In their training they are kept from idle pleasures and helps them to lead a clean life. Mr. Elliott's talk was well received and especially by those with sons where the problem of bringing up a boy is greater now at this troubled time than in normal times.

BOND DINNER SUCCESS

**135 Guests—All Sections of
Of County Represented—
Climaxes Womens Week
Of Bond Drive.**

The \$500.00 War Bond Dinner at the Reed Hotel on Wednesday night was a fitting and brilliant climax to Women's Week of the Third War Loan Drive for Hancock County.

The dinner was a gay and festive affair, with 135 guests seated at the long banquet table, bright with great bowls of red, white and blue flowers; with the American Flag and the flags of the twenty-one South American Republics playing a prominent part in the decorations.

Mrs. Roger Boh, County Chairman of Women's Activities, opened the occasion with a few well chosen words, thanking the women for their splendid cooperation and work and of the satisfying results of Women's Week. She then presented Mr. Leo W. Seal, who in turn presented Mr. Clayton Rand of Gulfport, the Speaker of the evening. Mr. Rand, with his usual scintillating wit, kept his audience in roars of laughter. The name of Clayton Rand is always an assurance of an evening of entertainment, to say nothing of the information gained.

In the absence of A. G. Favre, County Director of the War Finance Committee, who was unavoidably detained, Mr. W. J. Gex, Jr., in his delightful manner of address, spoke briefly of the splendid work done by the women, as was evidenced by the results of the sale of bonds and the number attending the dinner.

Mr. W. Scott Morrill, War Bond Chairman for Hancock County, gave the final results of the drive, which was met with applause. Mr. Morrill advised that at 7 P. M. Wednesday, the total had reached \$451,645.00 at the close of the dinner it had reached \$454,443.00, which amount exceeded our quota by 33 1/3 percent.

The feature of the evening's entertainment was the music of the Merchant Marine Cadet Basic School Band of Pass Christian, with Billie Newberger, orchestra leader of radio fame, providing the laughs. His rendition of "The Peanut Vendor" was a big hit.

The Women of Hancock County, under the capable leadership of Mrs. Roger Boh as Chairman of the Special Activities Committee, and Mrs. Geo. R. Rea, as Chairman of Bay St. Louis, did a splendid job in helping to raise Hancock County's quota. They worked hard and well, and the women throughout the county put their shoulders to the wheel and did their part.

METHODIST REVIVAL STARTS SUNDAY, 3

Beginning Sunday October 3rd and running through Sunday October 10, there will be a revival at the Methodist Church, conducted by Rev. James T. Harris from Canal Street Methodist Church in New Orleans.

Morning services will be at 9:30 and night services at 7:30, Monday through Friday. No services Saturday, Oct. 9.

The pastor will have charge of service Sunday, October 3. Bro. Harris will begin with the Monday morning service and will close out Sunday night of the 10th.

The public is cordially invited.

Sodality Elections Held at Stanislaus Day School

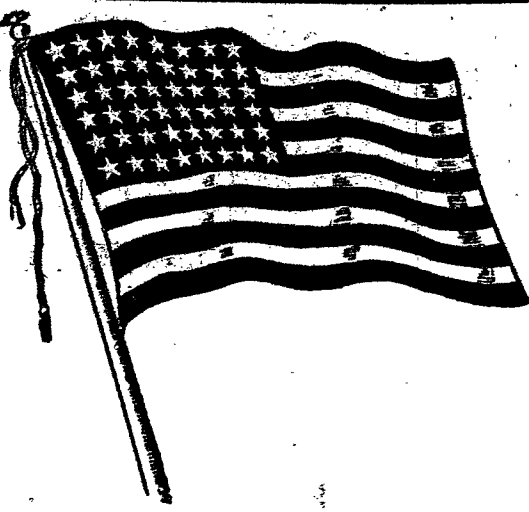

The Blessed Virgin Sodality of St. Stanislaus Day School held its elections at its weekly meeting last Friday. The following officers were chosen: President, Samuel Peterson; vice-president, Thomas Smith; Secretary, Torres Lebrun; Treasurer, Rene Cuevas.

The sodality is a new organization at the school. Its main purpose is to increase the devotion to the Blessed Virgin among its members, while at the same time fostering a spirit of social activity.

Local Musicians Receive Recognition

The march and song "Cadets of the Merchant Marine" will be used on the program of music at the dedication of the American Merchant Marine Base Cadet School at Great Neck, New York.

The words were written by Lieut. G. S. Findley, the music by Mrs. Louis Pate and the orchestration by G. F. Rooney. Bay St. Louis is proud to know that Bay St. Louisians are having this recognition. While Lt. Findley is not a resident here, while he lives here long enough for this city to count him in as a resident.

A JOB WELL DONE

THE people of Hancock County have again come to the front and have not failed in their duty to their country and to their loved ones who are serving in the armed forces of this nation.

Hancock County has gone over the top by a fair margin in the Third War Loan Drive. When we were advised as to the amount of money we were expected to raise in this drive, many people were dumbfounded. They could not think in terms as high as our quota. They could not bring themselves to the point of feeling that a county of the size of Hancock would be able to raise \$342,000.00.

However, the county organization was perfected and set out to work. That pride that exists in the heart of every person living in this county, that they should not fail in any undertaking, forged to the front. Workers set out to contact every individual throughout the county, and the results were that this county went over the top in grand fashion.

A careful analysis of the list of bond buyers throughout the county shows the amount of work that was done by the volunteer workers in this bond drive, and the contacts that were made by these people. We find the greater percentage of our quota made up of individual subscriptions in bonds of the denomination of \$25.00, \$50.00 and \$100.00.

It was remarkable to note how these bonds were paid for. Very few were the checks that were issued, the greater portion being paid for in cash, and few were the savings accounts that were withdrawn to be invested in bonds. The checks that were issued were mostly from the checking accounts of individuals. This is the method that the Treasury Department hoped would be followed throughout the nation.

We, of course, are highly prejudicial in our views about our county. We feel, and have always felt, that the people of this county will never fail in any undertaking that they set out to accomplish. They have very well exemplified this spirit in the Third War Loan Drive. The drive started very slowly and gained momentum as the days went by, and on Wednesday of this week announcement could be made that the county had exceeded its quota by \$100,000.00.

The people of Hancock County have given their answer to the boys who are giving their all, that they are back of them on the home front. We feel that this will not be the last War Bond Drive, and we know down deep in our hearts that regardless of what Hancock County's quota may be, the people of this county will not fail to meet it.

The people of Hancock County are thoroughly patriotic and are one of the most tolerant people in the State of Mississippi. Being a tolerant people makes them love the freedom and the liberty that they enjoy today, and they realize how urgent it is for us to maintain that freedom and that liberty, will give their all so that it may continue to exist.

The people realize that their money and their property would be worthless if we were a conquered nation, and know that an investment in the Bonds of the United States of America, the greatest nation in the world, is one of the most splendid investments that can be made by any individual; and the people of this county having faith in themselves, their nation and their boys, have gone over the top in one of the greatest drives that has ever taken place in their midst.

WHAT THE GERMANS HEAR

HERE is a sample of what the German people are told by their Government in connection with present war operation: An official communique, issued in Berlin, refers to the eastern front saying: "Our own movements are proceeding according to plan."

About the two weeks' fighting in the Salerno area, Berlin says this "did not result in the expected operative success to Anglo-American landing formations," and that the "Anglo-American plan to operations based on Badoglio's treason has thus been fully frustrated."

It may be presumed, however, that the German people know that the Red Army is making continuous progress in the East and that the Anglo-Americans are extending their possession of Italian territory. Gradually, the Nazi populace will understand what these gains mean to the German home front.

INCOME TAXES SIMPLIFIED

SOME fifteen million Americans, who had to make an income tax return in September are now thinking backward to the good old days when you made one return a year and then struggled the next nine months to get the money for the three installments as they fell due.

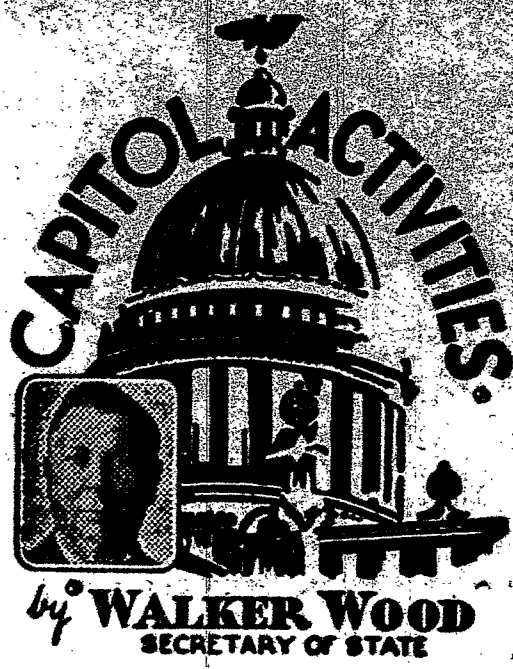

The reader will recall that, early in 1943, there was a great agitation for a "simpler" form of tax returns and much propaganda about a "pay-as-you-go" system that was destined, so we were told, to make one return in March, the new, simplified system calls for returns in September, December and a final report in March of next year. The taxpayer has to guess at his income, his tax, and then at his bank account which, he hopes, will take care of the present installment.

When you think of Bataan, don't forget General Wainwright and the boys who are prisoners of war in Japan.

Less than two years ago there were smart Americans who assured us that "nobody" would attack the United States.

Our Own Advice: When you become involved in a deal with a fast-thinking, go-getter, insist that the agreement be in writing.

Modest men of merit have no chance in competition with modern, know-all and tell-all types.

More Scrap Wanted.

Donald N. Nelson of the War Production Board is urging the need for more scrap metal, and suggests that a drive be put on all over the nation from October first to November 15th. The goal has been set at fifteen million tons. Of this amount Mississippi is asked to collect 55,000 tons which figures out about 50 pounds for every man, woman and child in the state. Leland Speed is Chairman of the State Salvage Committee and mail addressed to him, 11th floor, Tower Building, Jackson, will reach him and receive prompt attention. The head of your County War Board will also cooperate with you. This is a war movement and should have prompt attention.

Wright Resigned

Russell Wright, who has served for the past several years as Assistant Attorney General under Greek Rice, has resigned that position and is returning to his former home in Meridian where he plans to resume the private practice of law. Mr. Wright also has military plans in mind and hopes to get into the armed forces. A successor to Mr. Wright has not been named by Gen. Rice and probably will not be for some time.

Eighteen Million V. G.'s

Secretary Wickard, speaking in Chicago last week, was enthusiastic over the remarkable success of the victory garden movement which was started last spring. In the beginning it was suggested that there should be 18,000,000 victory gardens in the United States this year. The goal set was exceeded by about 10 per cent, Mr. Wickard said. And now for 1944 he is asking for 22,000,000 victory gardens. This is a war movement and there will be a hearty response to the call. The gardens this year, Mr. Wickard estimates, produced no less than eight million tons of food.

Gas Tax Holding Up Well

Gasoline tax collections have fallen off somewhat in the state, but still hold up well considering the restrictions on the sale of that vital product. The total collected for August, 1943 is reported by the Motor Vehicle Commission to be \$1,036,753. This is \$285,955 less than was reported for the same month of last year, but exceeds the July, 1943 collection by \$135,897. The gasoline tax is pledged first of all for the payment of outstanding highway bonds and the remainder is used for other highway purposes, including a certain amount returning to the counties.

Cattle Tick Fight Won

The long fight against the cattle tick in Mississippi and Louisiana has been won and now there can be transportation of cattle from one state to the other without question. It is quite a relief to both states and in the future the expense of keeping guards on the border will be saved. One of the great movements in this state culminating in success has been the eradication of cattle ticks, thought by many at first to be an impossible task. The great development of the cattle business in this state could not have been accomplished without tick eradication.

White and Black Tags

Automobile tags for the ensuing year will go on sale about October first, and must be bought before November first to avoid paying a penalty. The new plate will be white figures on a background of black. Sales will be made by the Sheriff of the county.

Governor Improving

Gov. Paul Johnson returned to Jackson last week after a rest of about months in his home at Hattiesburg.

bury. His condition is said to be very satisfactory, but he is not yet fully well and will take things easy for at least a few weeks. He will probably spend most of his time at the Mansion, going to the executive office in the Capitol only when his condition seems to permit it.

Collins May Run

A newspaper report from Meridian says that Ross Collins may enter the race for congress in the fifth district in 1944 in an effort to get back the seat in the House so long occupied by him. Congressman Winstead of Philadelphia, now serving his first term, will be up for re-election. Fred Ross, sheriff of Lauderdale County, is a potential candidate.

Home Folk Honor Bailey

Meridian friends of Hon. Thomas L. Bailey, Governor-elect, tendered him a reception and ratification meeting last week. Many friends from over the state were present to join in with his homefolk in paying honor to Mr. Bailey. A group of special friends presented a fine automobile to Mr. Bailey as an expression of their appreciation and esteem. The meeting was a fine tribute to Mr. Bailey.

National Newspaper Week

National Newspaper Week is to be observed this year from October 1st to 8th. During this week people are asked to give a little serious thought

to the newspaper and what it means to the state, county and community. If all newspapers were suddenly stopped, it would be like turning off the light in a dark room.

Raking Around—

The horse show scheduled to be held in Jackson in the near future has been called off on account of gasoline and tire shortage. . . . Figures given out last week by the assistant secretary of war shows total casualties up to that time of 105,446 killed, wounded, missing and prisoners, of which 9,209 were killed in action or died of wounds. . . . Dizzy Dean of baseball fame has been called to report for examination for army service this week. . . . Jack Gould, who represented the Associated Press in Jackson for the past year, has been transferred to Baton Rouge. . . . J. M. Rigby, of Madison County, has been named as state director of the Farmer's Union campaign for new members. . . . Mississippi Baptists plan to fully liquidate a 25-year-old debt by the payment of \$156,000 on December first. . . . It has been announced that American hunters during the 1942-43 hunting season took 255,404,000 pounds of meat, which is a nice contribution to the meat supply of the country. . . . Forrest Simmons has announced as a candidate for Highway Commissioner in the second district, and Reece Bickertall has withdrawn. . . . Another call has been sent out for cotton pickers needed in the Delta. . . . A newspaper report from Meridian last week quoted Sen. Bilbo, who was in that city for a day, as saying, "The war may last at least five years longer." . . . The Library of Congress at Washington is believed to be the largest library in the world, containing 1,619,280 volumes and pieces of music; 6,609,837 printed books and pamphlets; 1,472,251 maps and charts, and 561,779 prints. . . . The newspaper fraternity and others as well, sympathize with Mr. and Mrs. Lamar Sledge of DeKalb Messenger in the death of their infant son, 15 days old. . . . The order issued a few days ago that farmers could not sell syrup and sorghum put up in tin cans has been modified, and sales will be permitted.

He Discovered America On a Loan

Columbus discovered a land of freedom in 1492 on borrowed money. He opened a land for the oppressed, a haven for the persecuted. Now in 1943 this great land of opportunity is in the midst of a world war fighting for its freedom against powers which have blood and persecution as their creed. Loan your money to the government in War Bonds and keep America and her allies free.

Waveland News

ADDRESS your news for Waveland column to "Editor" Box 134, no later than Tuesday A. M. Thanks.

Waveland Civic League Meeting.

The regular monthly meeting was held in the Town Hall on September 24th at 8 P. M. Mrs. A. F. Fournier presided. An interested group attended. Members of the League are only eager for the betterment and civic pride of the town. Among the many good works accomplished is the ice delivery now being accomplished regularly twice a week by David Garrett. Anyone wishing such service can obtain it by leaving name and address at Waveland Food Store, Chadwick's Trading Post and Waveland Drug Store.

A volunteer fire department has been organized and equipment promised in the near future. Another good deed done by this league is the collection of garbage on Tuesdays and Thursdays.

A wedding which claimed much interest on the Gulf Coast and in New Orleans, La., was that of Miss Eugenie (Honey) DeFraitre, and Staff Sgt. Raymond Leo Roy, which took place Wednesday, September 15, 1943, 10:00 a. m. at Mater Dolorosa Church in New Orleans. Miss DeFraitre wore a gown of white pointed d'esprit and lace over white satin, the same dress worn by her mother. Her veil was of illusion, held in place by a coronet of orange blossoms. She carried a bride's bouquet of roses and lilies of the valley. The attendants were Miss Jeanne DeFraitre, sister of the bride as maid of honor, and her niece, Miss Jacqueline Rauch, daughter of Lt. Col. and Mrs. Bernard J. Rauch, was Junior bridesmaid.

The bridegroom had Sgt. Joseph Gury as best man. The ushers were Mr. Arthur A. DeFraitre and Sgt. Carvel Crum. The couple will make their home in Biloxi since Sgt. Roy is stationed at Keesler Field, Miss.

PRC. Haywood Bourgeois, son of Mrs. T. J. Bourgeois left Tuesday night after spending his furlough home with his family.

Mr. Johnny Johnson employed for building at Pascagoula, met with an accident while working. It is hoped at this writing that his condition has improved.

Sing Happy Birthday to Bradley Carver and J. P. Pilgrum. Best wishes to PFC. Morris Garcia, home on a week's furlough from Shreveport, La., with his parents Mr. and Mrs. Sydney Garcia.

Roland Bourgeois is now spending the last few days with his grandparents Mr. and Mrs. T. J. Bourgeois before leaving for the Navy "Seabees" on Wednesday night.

Newcomers are still arriving and locating here. Mr. and Mrs. W. E. King, Sr. and Jr., have leased the Millenberry house off Nicholson ave. Mrs. King Sr. is a graduate nurse and is doing private duty in Waveland. The Sr. and Mr. Kings are employed at Higgins Aircraft Inc.

Mr. and Mrs. Gene Watson and children, Edison, David, Robert Dale, Peggy, Travis, Mary, have leased the Mazankis house on Coleman avenue. The children attend school.

Idea of the Week—Sure its hard to find homes in New Orleans. Many folks are now locating outside but near New Orleans. Why not commute to beautiful convenient Waveland?

Mr. and Mrs. George Geisler, Mr. and Mrs. Clarence Bourgeois, Mrs. Armonie Cuevas of Gulfport and Miss Carrie Necaise were guests of Mr. and Mrs. Thos. J. Bourgeois over Sunday.

On Tuesday, October 5th the meeting of Waveland Kings Daughters and Sons will be held in the Town Hall at 3 p. m. A junior circle has been organized and plan to help with war work.

Miss Elka Rauch spent a week with Mr. and Mrs. W. A. Waldsorf.

Captain A. W. Waldsorf has been transferred to Fort Arthur, Texas.

Mr. and Mrs. Mat Roth have left Waveland and bought a beautiful home in New Orleans, 623 North Carrollton avenue.

ORTTE THEATRE
SUNDAY-MONDAY
"HARRIGAN'S KID"

A new juvenile star is introduced in M-G-M's dramatic and moving tale of the turf, "Harrigan's Kid." He is Bobby Readick, sensation of the Broadway stage, who plays the title role in this original screen play. The story deals with the career of a young jockey, played by Readick. He is taught the tricks of riding by a former star jockey, played by William Gargan. But Gargan is not only teaching the cocky youngster to ride. He teaches him all the ways and means of throwing races so that he and his unscrupulous partner J. Carroll Nash, will reap the profits of crooked bookmaking.

Sees Through the Boy

But the "grand old man of the turf," Frank Craven, meets the youngster and sees through his tough exterior. He buys his contract and takes the youngster under his wing, teaching him the ideals of fair play and good sportsmanship, until finally the jockey rides a good, clean race to win first place in the turf classic. Readick handles the difficult role with sympathy and understanding. William Gargan is first-rate as the "fallen" jockey who finally redeems himself in a stirring climax. J. Carroll Nash is convincing as the shady bookmaker. As the veteran trainer, Frank Craven contributes one of the finest performances of his long career.

Charles F. Riesner directed this all-male cast, giving the production all-male cast, giving the production graphic and dramatic moments. Also in the cast in prominent roles are Jay Ward, Selmer Jackson and Douglas Croft and others.

Rocky Hill

Mr. and Mrs. Charlie Hoda wish to announce the birth of a little daughter born September 24 and who will receive the name of Shirley Jean.

Sam Abernethy's the Chief Rumor-Spiker in our town. If a stranger gets off something like—"I hear they've sunk the S.S. Bumblebee," Sam starts pinning him down. Did he really see it? Where's the evidence? Because Sam knows, like the rest of us, that nine-tenths of the "inside news" passed around by careless folk isn't rumor—it's lies planted by the Axis to destroy American morale. Take those rumors about drinking in our Army Camps.

Actual, official facts from the government's own Office of War Information showed there wasn't a shred of truth in 'em. The boys enjoy a glass of beer occasionally—same as a lot of us do! And from where I sit, they're proving themselves the healthiest, best-disciplined bunch of fighting men in history, like the OWI report stated. That's good enough for me.

The 78th Congress reconvened last week after its summer recess, during which time practically all of the Members returned to their home states for a vacation and a visit with their families and constituents. Lack of transportation and gasoline made it impossible for most of the members to get around their Districts as much as they wanted to; but they did have an opportunity to see at least some of the home folks and find out what they thought about the war and issues on the home front.

Important Legislation

The first important—and by far the most controversial—issue facing the Congress is the question of the drafting of pre-Pearl Harbor fathers. The attitude of most of the members on this subject appears to be that fathers should be taken only as a last resort and only after the Selective Service rolls have been thoroughly culled to make certain that all available single men and married men without children who are not in essential war jobs are taken before fathers are called into active military service on a more or less wholesale basis. Hearings are now being held before Senate and House Committees on this legislation. Just what the outcome will be is not known at this time; but most of the high ranking military and naval officials are insistent upon the necessity of drafting fathers if our military forces are to be expanded to the degree which they consider essential to the successful waging of the war.

Other measures which the Congress has pending at this time are: (1) The Treasury-White House request for a tax bill to raise an additional twelve billion dollars in revenue to assist in paying war costs and to hold down inflation; (2) the extension of subsidies—or a system of Government purchase and resale of consumer commodities; (3) a measure to assist in the fight against inflation by extension of price controls; and (4) Post-war planning legislation.

Veteran Reemployment Rights

The Congress has been careful not to make the mistake which was made in 1918 when our conquering heroes came home and were discharged from military service and found no jobs awaiting them. After World War II returning soldiers may be demobilized only as they are placed in employment in every possible instance. The Selective Training and Service Act of 1940 provides that: "Employers must reemploy a returning war veteran (whether inducted or enlisted) in a position of like status, seniority and pay—(a) if he directly left your employ for the armed services; (b) if he applies for his job within 40 days after discharge; (c) if the position he left is not temporary; (d) if he still is qualified for the job; (e) if your circumstances have not so changed as to make reemployment impossible or unreasonable. He cannot be discharged for one year without cause." Since the Congress reconvened last week other bills which have for their purpose the assistance and protection of returning veterans have been introduced. Some of the provisions of these measures are:

1. Three months furlough with

LADD AND YOUNG STAR IN "CHINA" AT A. & G. SUNDAY AND MONDAY

Alan Ladd, the incomparable tough guy, takes his blazing guns half way around the world to do a job on the Japs in Paramount's powerful "China," the exciting film of love and war at the A. & G. Theater Sunday and Monday. Ladd's co-star is lovely Loretta Young.

Made by the experts who gave us the immortal "Wake Island," director John Farrow and screen writer Frank Butler, "China" has that picture's smashing impact and stark drama. If you don't hate the little double-crossers of Nippon now with fervor, you'll hate them plenty after you've seen "China."

Ladd's Greatest Role

Incidentally, the film is Ladd's last for the duration. He's in the Army now and he couldn't have given a greater role. If Paramount wants him remembered by film fans until he comes marching home again, then "China" is the picture that will turn the trick.

Set near Shanghai in the days just before that fateful December 7th, the film introduces Ladd as an oil man who has no compunction about selling to the Japanese. His pal is William Bendix, of "Wake Island" fame, and Miss Young is an American teacher in a Chinese University.

While the teacher and a group of Chinese girl students flee ahead of the advancing Japanese forces, Ladd and Bendix, with the only available truck, are trying to make their way to Shanghai to close a deal with purchasing agents for the Japanese invaders. The situation is one that is replete with dramatic possibilities and Director Farrow has made the most of them.

Scenes Are Authentic

Wei F. Hsueh, famous Chinese writer, lecturer and authority on Chinese art, served as technical advisor on the picture, assuring accuracy throughout.

full pay and continuance of dependency allotments after discharge.

2. After expiration of furlough, payment of unemployment insurance for the veteran for not more than 26 weeks to enable him to secure suitable employment.

3. Vocational training with free courses in various subjects to teach unskilled soldiers a gainful occupation.

4. Provision for credit to veterans on their social security benefits in the amount of \$1700 a year for the time they were in military service.

5. Every employer who furnishes employment to 100 or more employees to be required to employ disabled veterans to the extent of 1 per cent of his total personnel.

6. A special appropriation to enable qualified veterans to purchase farm lands under the terms of the Bankhead-Jones Farm Tenant Act.

7. The value of war bonds purchased by members of the armed forces to be increased in maturity and redemption value by 10 per cent when used to apply on the purchase of farm lands.

HANCOCK COUNTY LOCAL NEWS EVERY SATURDAY MORNING AT 11:30

Rev. W. S. Allen each Saturday morning at 9:30

The Echo is very much interested in publishing all of the local news throughout the county. The purpose of a weekly county newspaper is to serve its communities. We are trying to secure as many local items as possible, but terested parties call in and give the news, it is practically impossible for us to get it.

We are happy to publish any local item, for we realize that the boys in Service are glad to get the news from home, and when the people of Hancock County realize that the Echo is being sent to over 600 boys in service, they should not hesitate to send us their news items.

The Echo is a weekly letter from home for these boys, so join in making this letter full by giving us your news.

You may telephone Miss Mae Edwards at No. 132, or call Mrs. Stechmann at 14, or 297-J; or the Echo office which is No. 3.

Pig Boat

At sea on a submarine isn't exactly the "life of Riley." In the Battle of the Atlantic, or on the great stretches of the Pacific these sailors "now the hazards of their work."

One of the spots aboard these "Pig Boats" that all crew members enjoy is the galley, or kitchen. Space limitations prevent an elaborate set-up, but cooks aboard these vessels prepare for their crews. Your increased purchase of War Bonds helps make submarine life as pleasant as possible.

They're Counting on a Victorious Peace, Too!

In training camps at home and at far away battle fronts, they are talking it over, dreaming of fulfilling unrealized ambitions in a peace-restored world where opportunity and individual enterprise are given free reign.

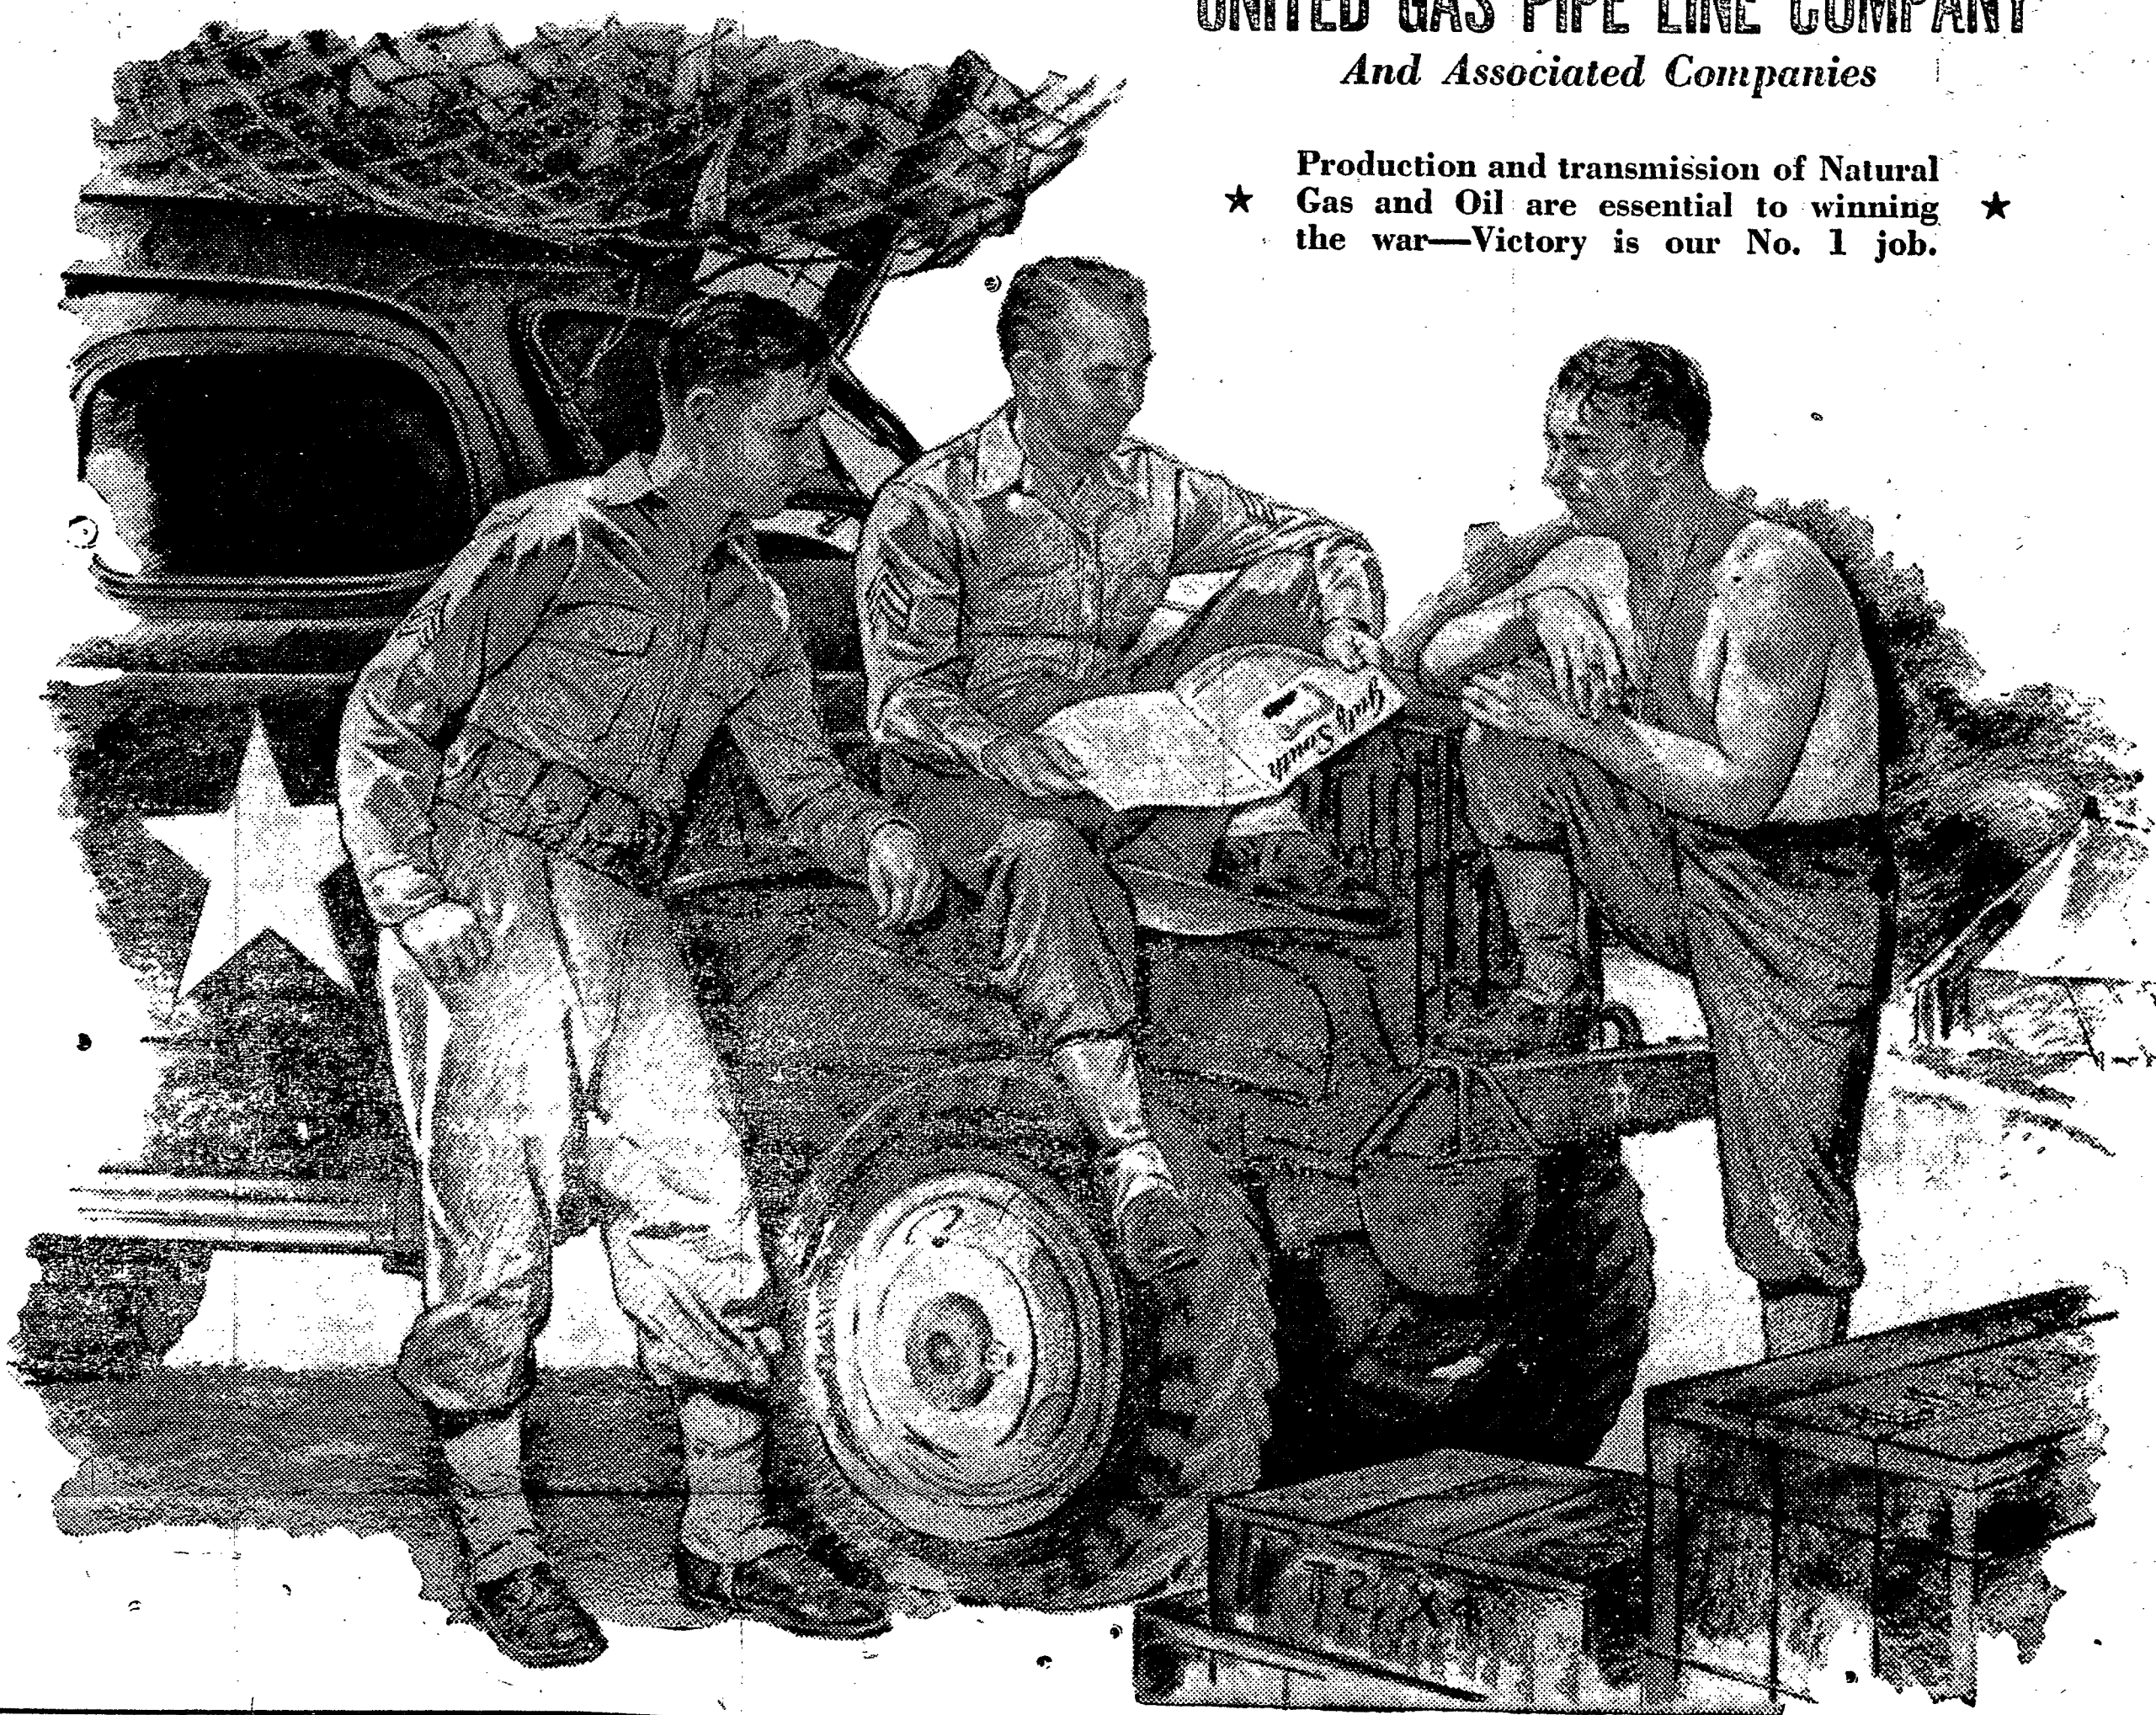

They know that their future depends on the future of America. They have confidence in that future. They believe that free enterprise . . . will make the America of tomorrow even greater. These are the thoughts that are giving them comfort and assurance . . . the courage and determination to fight for Victory in a way that soldiers of dictator nations can never understand.

Our organization, like our fighting men, is all out for Victory today. But we are planning now, with all the resources at our command, to be ready for Victory when it comes. We will welcome back our more than 800 fighting men to their old jobs, and will look forward to working shoulder to shoulder with them in preserving and extending the free enterprise system that made America great.

Miss Elsie May Smith, daughter of Dr. and Mrs. A. P. Smith, rests after the completion of a painting from an old photograph of her great aunt, the late Mrs. W. J. Harrison of New Orleans.

Miss Smith, a graduate of Bay High, has shown talent since a young child and completed a course in Commercial Art at the Nichols School, New Orleans. She later studied under Reinike in New Orleans.

She did the illustrating for a book on fractures for Dr. Larry Rush of

the Rush Clinic, Meridian.

It is only recently that this young artist has attempted the painting of portraits in oil and has done some very excellent work in the copying of photographs and from life. One of her outstanding pieces done from life is the portrait of "JJE" the family butler who has been with the Smiths since boyhood and which is a perfect likeness.

Miss Smith shows great talent and has promise of going a long way in this work and Bay St. Louis is proud to list her among its group of artists.

—Mrs. John Testard has returned to her home in New Orleans after a stay with her parents Mr. and Mrs. R. D. Robbins where she came to recuperate from a recent spell of illness.

—Mrs. Elizabeth Becker has returned from Cincinnati, where she went to visit her daughter Sister Rose Marie of the order of St. Joseph. Sister Rose Marie was in private life Miss Marion Becker.

—E. J. Arceneaux, Jr., flew over Bay St. Louis on Saturday afternoon piloting a large transport plane. He came in from Lumburg Field at Maxon, North Carolina and landed in New Orleans. The Arceneauxs went to New Orleans on Sunday and spent the day staying to see "Jr."

take off. Bay St. Louis is proud of this young flyer who has only recently reached his twenty-first birthday and who has been in service three years.

—Mrs. Russell J. Elliott, Miss Margie Elliott and Miss Sue Sibbey came over for the week to be with Mr. and Mrs. L. S. Elliott and family.

—At a recent meeting of the Woman's Society of Christian Service the infant daughter of the Rev. and Mrs. E. E. Samples was given a life Membership.

—News from George Heitzmann, genial head of the local draft board, who is a patient at Baptist Hospital, New Orleans, is that he is showing improvement.

—Mr. and Mrs. August Rauxet, Jr., announce the birth of a son August Rauxet IV, at the Kings Daughters Hospital on Sunday, September 26.

—Mrs. Henry Capdepon is visiting her son-in-law and daughter Warrant Officer and Mrs. William Higgins, Jr., at Biloxi. Mrs. William Higgins, Sr., of Sturgeon Beach, Wisconsin, is also a guest of the Higgins.

IF YOUR NOSE "CLOSES UP" TONIGHT

Here's mighty good news... if your nose "closes up" tonight, it makes breathing difficult, put 3-purposes Vicks Vapo-r-nol up each nostril. Vapo-r-nol does 3 important things. It (1) shrinks swollen membranes, (2) soothes irritation, (3) relieves transient nasal congestion. It brings more comfort, makes breathing easier, thus invites sleep... And remember, it helps prevent many colds developing if used in time. Follow directions in folder.
